## LANGUAGE

- English

## EXPERTISE

- API Architecture
- Database Design and Optimization
- Problem-Solving Skills
- Agile Methodologies
- Security Focus
- Adaptability
- Code Testing and Quality Assurance
- Analytical and Logical Thinking

## EXPERIENCE

**Backend Developer | ABC Web Solutions, Anytown, USA | January 2018 - May 2020**

- **Full-Stack Development:** Played a key role in the development of dynamic and responsive web applications using a combination of HTML5, CSS3, JavaScript and Laravel frameworks. Collaborated with front-end developers to ensure a cohesive and seamless user experience.

- **API Design and Documentation:** Designed and documented RESTful APIs for internal and external use, emphasizing clarity and ease of integration. Conducted thorough testing to ensure API reliability and consistency.

- **Database Management:** Administered and maintained MySQL databases, optimizing queries and ensuring data integrity. Implemented database migrations and upgrades, minimizing downtime and ensuring a smooth transition to new system versions.

- **Continuous Integration and Deployment:** Implemented CI/CD pipelines using Jenkins, reducing deployment time by 30%. Automated testing processes, resulting in improved code quality and faster delivery of features.

- **Agile Development Practices:** Actively participated in Agile/Scrum methodologies, contributing to sprint planning, daily stand-ups, and sprint retrospectives. Adapted to changing project requirements and priorities, ensuring successful project delivery within timelines.

## EDUCATION

**Nnamdi Azikiwe University, Nigeria**

Electronics and Computer Engineering
2021-2026

## SKILLS SUMMARY
